

 MEDIA PRESS KIT – JULES HENRY RIVERS

## FOUNDER OF SHAPE RETREATS

PSYCHEDELIC HEALER | BOOK AUTHOR | AYAHUASCA FACILITATOR

### FEATURED IN

Rolling Stone Magazine – [article title to be provided later after we close the gig.]

## ABOUT JULES

Jules Henry Rivers is a psychedelic healer and spiritual guide who developed SHAPE, a radical new method for deep psychological and spiritual transformation. Featured in Rolling Stone, Jules' work emerged after surviving a violent attack by a man believed to be under demonic influence—an event that clarified his life's purpose: to heal the soul at its deepest, darkest roots.

In alliance with an ordained Buddhist monk and a seasoned therapist, the SHAPE team combines heroic doses of psilocybin with ancient Vajrayana exorcism rituals—guiding participants through uncharted inner realms where trauma, ancestral forces, and psychic entities reside.

## ABOUT SHAPE

SHAPE = Subconscious Healing and Astral Parasite Extractions A pioneering retreat format using:

- ✓ High-dose lab-tested psilocybin mushrooms
- ✓ Tantric visualization & entity identification
- ✓ Subconscious and physical entity extractions
- ✓ Integration rooted in spiritual discipline & Jungian principles

Ideal for individuals who've tried therapy, ayahuasca, or psychedelics but still feel "something's stuck."

## INTERVIEW TOPICS

- ✓ "I survived a demonic attack—and it made me a healer."
- ✓ Why trauma healing often stops too soon—and how to go deeper.
- ✓ What Western psychedelic therapy is missing about the soul.
- ✓ The Tibetan approach to psychic cleansing and internal exorcism.
- ✓ What happens when psilocybin meets ancient Buddhist warfare.

## QUOTE

"Healing doesn't stop at catharsis. It begins when we face the darkness that hides beneath it. SHAPE is not therapy—it's soulwork." – Jules Henry Rivers
